22,500 SQUARE FEET OF VICTORY GARDEN

—Photos By John Craig

Yes, 22,500 square feet of Victory Garden, that's what the children of Crocker and Jefferson schools in Daly City have under cultivation! They're mighty proud of the fact and the community has every right to be proud of their enterprise, too.

The two top photos above show the fifth, sixth, seventh and eighth grades at Crocker, clearing ground for their gardens. Miss Marjorie Tobias is in charge.

The two pictures below are of Jefferson sixth, seventh and eighth graders hard at work in their plots. Pershing, a primary school, has a small garden and Woodrow Wilson, due to lack of adjoining lots, has been forced to forgo the gardening project.

Everything from radishes to turnips is a-growing for the young farmers. R. L. Crane jr., district superintendent of schools, announced that many plants are already through the ground.

At Crocker the youngsters did all the work themselves, but down at Jefferson some pupils with an eye to business talked their parents into assisting with the work. They have such a project under way that it is anticipated it will be continued right on through the summer months. Miss Marie Traynor, principal, is supervising the work at Jefferson.

First Aid Teams Get Refresher Course

Members of Daly City's first aid teams will take a refresher course, beginning May 4, according to R. L. Crane jr., chairman of all local first aid activities. He explained that a dozen or more specialists in various phases of first aid would compose a panel of instructors for the classes.

The group will meet Tuesday evenings, May 4, 11, 18 and 25, at the district schools administration building, 344 Santa Barbara avenue, starting at 7:30 p. m.

Crane appealed to all team members throughout the community to take this vitally important course.

Wardens To Discuss Safety Precautions

Safety precautions to take in the event an unexploded bomb lands in their territory will be discussed by senior air raid wardens of the community, tomorrow night, April 30, at the city hall, 75 Wellington avenue.

Chief Air Raid Warden Harry Mellicker will call the meeting to order at 8 p. m. He urges all senior and assistant senior wardens, day and night, to be present at the session.

Also under discussion will be a plan to have messengers distribute a pamphlet throughout the city. The booklet was prepared by the government and is a personal message to all friends and relatives of service men.

Restaurants Must File Menu Copies

Owners of restaurants and other eating and drinking establishments in Daly City and Colma were reminded today by Louis Bagnall, chairman of the War Price and Rationing Board No. 83-12-3 to file immediately copies of every menu or price list in use during the period of April 4 to April 10.

"If you own or operate a restaurant, hotel, cafe, dining car, bar, delicatessen, soda fountain, catering business of any other eating or drinking place," stated Bagnall, "it is your direct responsibility to file these lists with your local board."

According to Bagnall the filing requirements are very simple. A

New Set Of Blue Stamps Now Valid

Blue Stamps G, H, and J, totaling 48 points, in War Ration Book Two, became valid for the purchase of processed foods Saturday, April 24, and will be good throughout the month of May, the Office of Price Administration announced today.

Blue Stamps, D, E, and F, which have been in use since March 25, expire, April 30.

This means that Blue Stamps D, E, F, (the April series), and G, H, J, (the May series), all will be valid for the one week, April 24 to April 30. A similar "overlap period" was provided toward the end of last month, when the D,

Council Gives Haskins One More Chance To Improve

Tonight's Inspection Will Terminate Matter

Final condemnation proceedings against the Haskins' properties, 6951-6995 Mission and 5 and 7 Bismark streets, were tied up again, when, at Monday night's meeting, the city councilmen agreed to grant one more stay. They will hold a final inspection, tonight, April 29, at 6, of the properties to ascertain if any noticeable improvements in the sanitary and safety conditions have been made. They adjourned Monday night's session to May 3, at which time final action will definitely be taken to condemn the properties, long described by the state and county health authorities as "unfit for human habitation, a fire trap, and hopelessly substandard."

An ordinance, No. 245, amending the water rates ordinance was unanimously adopted at Monday night's meeting, to permit the department to allow Victory gardeners of Daly City special reduced rates. The ordinance was introduced.

Sailors Make Off With S. F. Taxicab

A wild spree by two United States sailors, which included slugging a San Francisco taxicab driver, stealing his cab, and turning it over when the machine got out of control, was ended by Daly City police, early Thursday morning.

Neither of the two seamen was injured in the accident, which occurred on Junipero Serra boulevard slightly less than an hour after the San Francisco police short-wave broadcast a stolen car report at a beach night club. A second call over the short-wave

Enter Final Week In Bond Campaign

Daly City's part in the greatest financial drive in the history of America, to back up the men in the services and keep our gigantic war machine in action, is in its final week as the Second War Loan Drive winds up.

However, John Degliantoni, Daly City's campaign chairman, appealed to everyone here to "continue their support of their country by buying war bonds even after the drive itself is over."

"The end of the drive," Degliantoni pointed out, "is no signal for everybody to stop buying war bonds."

Remember--May 8 Is Important Date

If you like to dance and want to forget your worries, the Firemen's ball at Colombo hall on Saturday evening, May 8, is the place for you.

It will be a full evening of dancing and fun for everyone, and music will be furnished by Johnny Dell's orchestra. The Firemen's ball is an annual event on the social calendar of the Daly City Fire department, given for the benefit of the Widows and Orphans association, a protective organization for the families of deceased members of the department.

Everyone in Daly City and Colma is invited to attend the dance, and Fire Chief A. P. Chesney urges them all to bring their out-of-town guests. Tickets are being sold by all members of the fire department. Any fireman will sell you tickets.

Plans for the annual ball are being completed by a large stand-

Men In Service

CLERICAL COURSE

Private First Class Raymond G. Fellman, son of Mr. and Mrs. Rudolph F. Fellman, 110 Bismark street, recently completed an intensive Army Air Forces clerical course at Santa Monica, California. The local man was graduated from a large clerical school conducted for the Army Air Forces Technical Training Command by the Anderson organization, private school operators in Los Angeles.

The school is one of a number conducted by the Technical Training Command for training engineering and operations clerks, and staff assistants. The local man was especially chosen for the course and was trained in the preparation of combat and other flight orders for Army Air Force units.

Now qualified for his permanent assignment in the Army Air Forces and for advancement in rank, the local man is en route to, or stationed at, an Army Air Forces base. He is designated as a staff assistant to the Operations Officer of the base.

GETS RATING BADGE

A second class petty officer's rating badge denoting a motor machinist's mate now adorns the uniform of Robert Salzmann, 17, 559 San Diego avenue, Daly City, who has been graduated from the Navy's trade school for diesel operators at the University of Missouri at Columbia, Missouri. He awaits assignment to duty with the fleet or at a shore station.

Selected to attend the school upon the basis of a series of aptitude tests taken during recruit training, he has received instruction in the operation and maintenance of internal combustion engines. Only the highest ranking students were promoted to second class petty officers.

DILLON AT FORT KNOX

Acting upon orders of Lieutenant General Jacob L. Devers, commanding general of the Armored Force, another class has been enrolled, this week, at Fort Knox, Kentucky, in the radio technicians' course of the Armored Force School Communication department. In the group was Corporal William M. Dillon, son

duced at the April 12 meeting by Councilman John J. Fahey sr. Sponsor of the project to allow special rates for patriotic Victory garden enthusiasts was Councilman Edmund Cavagnaro.

Details of how the system will work will be announced shortly and a schedule of rates sent water users. The rate change will be effective only during the war emergency and may be extended or discontinued at any time at the discretion of the council.

Under unfinished business, the building inspector, Arthur J. Bodien, was authorized to post notices on the property at 96 Mission circle, which Deputy Health Officer Fred Collins described as "in a very bad condition." Lack of sanitary facilities and fire hazards made necessary the action. The hearing was set for Monday, May 10, at the regular meeting of the council and the owner is ordered to appear and show cause, if any,

why condemnation proceedings should not be instituted.

Under new business, Mrs. Marce Trier, well known in social and organizational circles of the community, was appointed assistant librarian. She will replace Miss Mary Picchi who recently tendered her resignation to the council.

A brief discussion of annual Cleanup Week was concluded by the decision to abandon the event for this year, due to the shortage of manpower and tires.

Fire Chief Andrew P. Chesney was authorized to attend the convention of fire chiefs at Merced, in May. An expenditure to cover costs of his attendance was advanced.

The meeting was adjourned to May 3 and in respect to the memory of Mrs. Rose Wallace, mother of Bodien, who passed away recently.

All of the council members were present including Mayor A. J. Gaggero.

C. D. A. Gives Party For Soldiers

"A grand success" is how both members of Court St. Mary No. 1155, C. D. A., and their guests, soldiers from Fort Daly City, describe the party held at Masonic hall, Thursday evening, April 15.

The event, planned especially for the service men, was another in a series of organizational events planned for "the boys" near Daly City. The court served refreshments, including home-made cakes and sandwiches, provided music for dancing and partners, and supplied cola and cigarettes.

Chairman was Mrs. Josephine Reardon, assisted by members of the court. The young ladies who were also guests of the court for the evening of dancing were the daughters and neighbors of members.

of Mr. and Mrs. John J. Dillon, 123 Knowles avenue.

Learning to repair and maintain radio sets, these men will return to their original units after graduation. There they will serve as the experts who keep the sets in condition to carry on the important work of communication within the divisions, regiments, battalions, companies and platoons of the Armored Force.

Three To Appear At Court Tomorrow

Three motorists arrested here during the Easter week-end on charges of drunken driving will appear before Judge William J. Sweeney in Daly City police court, tomorrow at 2 p. m. On the docket also for tomorrow are cases pending for the past two weeks.

Leon Salvi, San Francisco motorist, was arrested by Daly City police, early Sunday morning, after he had driven his car over the curb and into the yard at 6899 Mission street. Considerable damage was done to the machine but no one was injured. After leveling charges of drunken driving against Salvi, Judge Sweeney set bail at \$50.

Manuel Garrido, 358 Willits street, will face drunken driving charges as a result of a near-collision with the Daly City police car near the Crocker avenue intersection on Mission street, soon after midnight, Friday. He was jailed and subsequently released on payment of \$50 cash bail.

Bert Penna, another San Francisco motorist, was taken into custody of local police at midnight Sunday, when officers said he was "driving in an erratic manner" and found to be drunk. He was arrested at the corner of Acton and Mission streets, and an investigation of a damaged bumper and a fender on his car later revealed that he had struck another car at Rice and Mission streets and failed to stop.

"Casablanca" Now Playing At D. C.

Entertainment pulsating with drama and rich in human values is the keynote of the new Warner Brothers picture, "Casablanca," which opens tonight at the Daly City theatre.

The film, taking its title from the Moroccan city that figured so largely in the recent war news, has to do with refugees from war-torn Europe and their attempts to secure exit visas to the Americas.

Starred in the film are Humphrey Bogart, Ingrid Bergman and Paul Henreid, who scored as Bette Davis' leading man in "Now, Voyager." A highly talented featured cast is headed by Claude Rains, Conrad Veidt, Sydney Greenstreet and Peter Lorre.

Although the story deals generally with the illicit trade in exit visas, the love story of Humphrey Bogart and Ingrid Bergman figures prominently and is responsible for much of the swift pace of the picture.

Opening in Vichy-controlled Casablanca, the picture goes back, in retrospect, to Paris just prior to the Nazi occupation where Humphrey Bogart and Ingrid Bergman meet and fall in love. Later, they meet again in Casablanca. It is a tender love story with tragic overtones, played against a background of chaos and conflict, but ending on a new note of hope.

informed Daly City police that a car had turned over on Junipero Serra boulevard 3 miles south of Lake Merced. Patrol Officers Henry Sundermann jr. and Roland Petrocchi spotted the two sailors near the scene, "bareheaded with mud on their uniforms" and walking down the road toward San Francisco. They were picked up after the Daly City officers found they fit the description of the broadcast.

The two sailors admitted to Daly City police that they had slugged the cab driver and stolen the cab. After being taken to headquarters here, they were held until the arrival of San Francisco officers who took them into custody.

Some Help With "Difficult Dates"

People who have difficulty remembering dates are in for much worse headaches than ever before, now that rationing has made the "date" all-important.

To make life a little simpler, this newspaper runs a tabulation of those dates which mean food, clothing, tires, and escape of penalties in this column, each week.

April 24—Blue stamps "G," "H," "J" in War Ration Book Two became valid for purchase of

processed foods. April 25—"E" red stamp is now valid; expires at a date to be announced later.

April 30—Red stamps "A," "B," "C," and "D" expire.

April 30—Blue stamps D, E, and F, for purchase of rationed processed foods, expire.

May 1—deadline for non-deferable men to get war work or fight.

May 21—last day to use No. 5, "A" coupon for 4 gallons of gasoline. May 31—last day to use Coupon 12 in War Book One for 5 pounds of sugar.

May 31—Last day to use blue coupons "G," "H," and "J."

May 31—Coupon 23, good for a pound of coffee, expires.

June 15—last day to use Coupon 17 (in the sugar book) for purchase of shoes (one pair).

THE PRICE OF FREEDOM

Everybody wants freedom. "Freedom" is a popular word. But, as Eric Johnson recently pointed out in an article in Reader's Digest entitled "Your Stake in Capitalism," you cannot have freedom unless you also have "capitalism." Capitalism is as unpopular as freedom is popular—and therein lies the danger to freedom.

It has long been good political strategy to talk about freedom and dam capital in the same breath. Under such inconsistent reasoning our lawmakers have enacted much social legislation designed to enhance the freedom of the individual by establishing wage and hour standards and other economic safeguards, while at the same time passing laws which destroy capital and threaten the very freedom they profess to uphold.

Capital is accumulated savings which, put to productive use by private citizens, supplies jobs and opportunities. When private citizens are prevented from accumulating capital and using it to create jobs, private jobs in free enterprise gradually cease to exist.

As Johnson observes: "... A great many people—in polling booths and legislative bodies—have thought that you can tax business just as much as you like and still have 'free enterprise' and the 'American way of life.' You cannot. Just suppose that you taxed all new savings and all new profits and all new capital out of private hands into the public treasury. What would you have left to be the creator of new jobs? Only the government. Only the totalitarian state. ... We stand at a solemn parting of the ways. Our business leaders and our labor leaders want freedom. ... But what is the price of freedom? I say it is the capital with which to operate capitalism. The word is capitalism."

Freedom will be lost unless we recognize the truth of Johnson's words.

Greyhound Official Asks Cooperation

Repeating his advice to the traveling public not to do any non-essential traveling during the coming months, F. W. Ackerman, vice-president of Pacific Greyhound lines, in a statement to the press advises people to stay at home this summer and spend the money they would use for a trip to buy additional war bonds.

Acknowledging that this is unusual advice coming from a company whose business is to promote travel, Ackerman pointed out that winning the war is far more vital to everybody than taking week-end or vacation trips.

Ackerman said that he fully agrees with the statement made by Director of the Office of Defense Transportation Eastman to the effect that there will be little room for vacation or pleasure travel, this year, and added that buses are already crowded with military traffic, war workers, and other passengers whose business is important to the nation's welfare.

Stating that while many war workers and others would undoubtedly benefit from a short vacation, Ackerman believes that they should relax at home, or near home, rather than taking long trips. They should travel only during the middle of the week, get travel information in advance, and carry as little baggage as possible. This cooperation, he said, will help relieve the nation's over-taxed transportation facilities which are so vital to the prosecution of the war.

Daly City Gets \$965 From State

California cities and counties are about to share \$1,129,207, representing half of the alcoholic beverage license fees for the last six months of 1942, according to an announcement made at Sacramento, this week, by George R. Reilly, First District member of the State Board of Equalization.

Of this sum, shared on the basis of the location of licensed premises, \$17,511.56 will be distributed in San Mateo county where \$965 will go to Daly City and \$6,418.75 to the unincorporated area in the county.

"Current allocations," said Reilly, "will bring the local share of state license fees to \$23,290,246 since repeal of prohibition in 1933. This revenue has been collected and distributed by the State Board of Equalization at no cost to local governments. After deducting administrative expense, the remainder of the fee proceeds goes to the State General fund."

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

READING & WRITING

BY Edwin Seaver and Robin McKown

ONE OF the epic characters of the Alaska Gold Rush days was Klondike Mike Mahoney, a six-foot-three redhaired Irishman, who performed such phenomenal feats of strength and endurance his name has become legendary. Jack London wrote stories about him; Robert W. Service put him into his ballads.

MICHAEL MAHONEY

Now, in his biography, "Klondike Mike," Merrill Denison tells the life of this Alaskan Odysseus, as exciting an adventure story as we've read for a long time.

Michael Mahoney first went to Skagway, in Alaska, in 1897—in return for free passage, he was guardian for a herd of wild mustangs. He wasn't particularly interested in gold, but he wanted to see what the excitement was all about. It was in the same spirit of disinterested curiosity that he set out for Dawson in the heart of the Klondike, six hundred miles away. The famous White Pass trail was strewn with the corpses of men and horses who had perished trying to make this journey; Mike set out alone and without supplies. When he reached Dawson, he said he had just "strolled" over to look around.

In Dawson, he became a "musher," carrying mail, packages and passengers via dogteam between Skagway and Dawson, a much more exciting occupation, in his opinion, than merely digging for gold. He was to become the most famous musher in Alaska, among his unrivaled achievements being to carry the body of Judge Hume, four hundred miles on an unblazed trail.

One of Mike's own favorite exploits was the time he carried a piano up Chilkooot Pass, a twelve hundred foot chute at an angle of forty-five degrees. The piano belonged to a theatrical manager named Hal Henry, who had in tow a team of winsome lasses, the "Six Sunny Samson Sisters." Hal wanted to get them to Dawson so they could all marry millionaires.

Klondike Mike was also a superior high kicker and a boxer. Once he fought Tommy Burns—who was later the world's heavyweight champion—and beat him. Tex Rickard, famous fight promoter, offered him \$50,000 to fight Jack Johnson, but Mike turned him down. Another offer of a job came from the notorious gambler, Soapy Smith. Soapy wanted Mike to be a bouncer in his saloon. Mike spurned that offer, too.

Klondike Mike was thirty-one years old before he was ever frightened. The object of his fright was a gentle, dark-eyed nurse with whom he had fallen in love. He had to work himself up to a case of lumbago—his first illness—and be sent to the hospital where the nurse worked, before he got up nerve enough to court her. His next hardest ordeal came some years later. At the age of fifty-three, he learned to read and write, and speak in public.

park will feature two junior teams, Daly City Farralone Juniors and the Alvin Joseph American Legion team of Hayward. This game will begin at 11 a. m.

Manager Charlie Norry's Farralone Packers will be on the road, Sunday, when they travel to San Jose for a non-league contest. Drawing a bye from the Peninsula circuit, they will play the Permenente Cementers of San Jose at San Jose stadium.

Starting the summer season out with a win, the Packers scored three wins in the third inning and repeated in the seventh, last Sunday at Marchbank park, to defeat the Simmons company nine, 6-4. Roland Petrocchi, Daly City third baseman, starred for the locals with a triple scoring two runs. The visitors were hard to beat as they scored twice in the third and twice more in the ninth, but Steve LeGault, formerly owned by the Cincinnati Reds and now pitching for the Packers, pulled himself out of the hole in the ninth, setting the Simmons batters down before any more damage could be done.

Jeff Tracksters Compete In Time Trials

Seventeen track and field athletes from Jefferson high's 120 and 130 pound divisions will compete in PAL time trials at Stanford university stadium, today, and nine more from the 110 and varsity divisions will participate tomorrow, in preparation for next week's conference PAL meet.

With Jefferson's track material on the scant side in other divisions, Coach Elman Rose is pinning his hopes on ten members of the 130 division for team points. Even so, the 110 team may show something, after a 38-12 win over San Francisco's Lowell high at Jefferson field recently.

Stone Lantz, one of the few participants in the varsity division, will be counted on for points in the PAL meet. A hurdler and jumper, Lantz has garnered his share of firsts in the current track season. He was high point man in the Lowell meet, winning firsts in the low and high hurdles, broad jump and high jump. His time in the 120 yard high hurdles, 16.2 seconds proved him a strong bidder for PAL honors.

Outstanding among Jefferson's potential point winners in the PAL meet are with the 130 relay team, which, in a former meet, neared the school record of 1 minute 37.5 seconds. The team is composed of John Milani, Vince Barsi, Ray Stumpf, and Al Chelone. The latter performs equally well in the 100 and 220 yard sprints and the discus. Barsi will enter the low hurdles and broad jump in today's time trials. Also competing in the 130 division low hurdles will be Bob Bybee, Jefferson's star of the obstacle course.

"Jack" Anderson Gives Enlightening Report

Daly City-Colma Lions club members and their guests heard an enlightening report from Congressman John Z. "Jack" Anderson at a luncheon meeting, Wednesday, April 21, at Shorty Roberts Drive Inn.

His talk dealt with war-time conditions in California and the Bay area. He had just completed an intensive investigation as a member of a sub-committee of the House Naval Affairs committee. It was due to this investigation that Anderson was on the Coast and had an opportunity to make a personal report to his district.

The congressman also touched on the Washington scene of today.

New Set Of Blue Stamps Now Valid

(Continued from Page 1)

E, and F Blue Stamps for April were validated, March 25.

The purpose of the overlap period is to make it easier for housewives to shop toward the end of the month when their family books may lack a sufficient number of ration points to buy an item they need.

The new stamps, G, H, and J, it was pointed out, are on the page opposite the one which consumers are now using, with stamps lettered G forming the outside right-hand row of the ration-book page. This arrangement, it was explained, makes it easy to remove stamps in their alphabetical order. The letter "I" has been omitted from the series because of its possible confusion with the numeral "one."

In validating stamps on a new page in the ration book, OPA again cautioned housewives about the need for care in tearing out stamps.

"Be sure you are removing stamps from only a single page," is the advice of OPA, "since it's easy to mistakenly tear out stamps from two pages that stick together." Consumers are reminded that the retailer may not legally accept loose stamps. Stamps that are partially torn from ration books can be easily lost.

This action was taken in Amendment 2 to Revised Supplement 1 to Ration Order 13, effective April 23.

BAUBLES

"The Boys" Need 'Em To Get Natives' Help

You know those earrings you never wear any more, and that compact you've discarded, and those horrible beads Aunt Nettie gave you? Well, they're worth more than money—to the men fighting for your country down in the South Pacific combat zone.

Natives, to whom money is just so much nothing, will dig foxholes, carry wounded, pack munitions and supplies through the jungles for "junk" jewelry. They love it! A paste diamond clip, amber beads of the ten cent store variety—these are what our boys need for barter.

"Baubles for Buddies to Barter" headquarters in Daly City are located at Reb's Upholstery shop, 26 Hillcrest drive, R. E. Bennett, proprietor, announces that those who cannot call in with their donations during regular business hours may leave their donations in the evening at 28 Hillcrest. Bennett will take the Daly City collection down to the San Francisco League for Service Men, but he naturally would like to see it be a good big one. How about it?

In case you're a bit dubious just what is wanted, make this simple test. Is it gay and gaudy? It doesn't matter if it's cheap or if stones are missing. It just needs to be jewelry, the junkier the better. Old compacts and lipstick holders are also in demand.

Restaurant Must File Menu Copies

(Continued from Page 1)

menu, bill of fare, or price list for all meals served during the period of April 4 to April 10 must be signed and filed with the War Price and Rationing board, 473 Grande avenue, South San Francisco, not later than May 1. A copy of each menu or price list is to be retained by the establishment. If the menus do not show all the food items, meals or beverages offered during the specified period a supplementary price list must be prepared and submitted.

"In the event that eating and drinking establishments do not use menus," continued Bagnall, "a price list containing every food item, meal and beverage offered during the seven day period must be prepared and submitted to the War Price and Rationing board before May 1."

A filing of menus or prices of foods served during the 7 day period from April 4 to April 10 is the first step of an OPA order designed to bring under price control the cost of "eating out."

U. S. WAR BONDS

Again we say...

**PLEASE

Use the money to

BUY WAR BONDS

Winning the war is the most important job confronting us today—far more important than taking a week-end or vacation trip.

Transportation is vital to this victory toward which we are now advancing. Because buses are already crowded with military traffic, war workers and others whose business is important to the nation's welfare, there is little room for vacation or pleasure travelers.

That's why we say "Please don't travel unless you absolutely have to." Refrain from unnecessary travel now and buy War Bonds with the money you would spend for your trip. It's the patriotic thing to do.

Donate Canes!

Sighting a shortage of canes for crippled service men, Arthur J. Bodien, director of the local Civilian Defense council, announced that Daly City residents who have canes not in use may donate them

by bringing them to the civilian defense headquarters in the city hall, Room 2, 75 Wellington avenue.

Although the appeal for canes has been in for a week, no canes have been received yet, Bodien reported. He urged residents to

bring in any canes no matter how old they are.

"Bring them all in," Bodien said. "Even if they aren't in good condition, they can be repaired. The shortage for canes is very serious, and it might mean that another soldier or sailor will have his chance to walk again."

SAFEWAY

Pointwise pointers on vegetables

Your vegetable score is not altogether a matter of getting the most out of your ration coupons. The way they are received at the table counts too. Of course, the best way to be assured of an ample supply of vegetables these rationed days is to serve fresh vegetables as often as possible.

Camouflage them in casserole dishes, in souffles, omelets, or serve them in oversize salads and as ample garnishes. Tomatoes, onions, summer type squash, peppers, turnips, cabbage leaves, and cucumbers can be stuffed with a meat, cheese, or egg mixture and prepared as the main course. These are just some of the ways you bait your family and get them to eat their share of the precious vitamins and minerals offered by vegetables.

MIXED VEGETABLE TAMALE—Combine 2 or more kinds of cooked, drained, diced vegetables in a well-greased casserole, season with salt and pepper and top with a layer of corn meal muffin batter. Bake in a hot oven (400° F.) for about 25 minutes or until done or topping is golden brown. Be sure to try spinach and sliced turnips, squash and tomatoes, green beans and carrots, and eggplant and celery.

CARROT STUFFED ONIONS—Fill uncooked onion cups loosely with shredded raw carrots, season, and steam with a small amount of water in a Dutch oven or tightly covered sauce pan. Serve with the main course as a vegetable and garnish.

VEGETABLE SHORTCAKES—For delicious variety, serve creamed vegetables between and on top of piping hot biscuits. The family will lap them up. Creamed vegetables on mashed potatoes, baked potatoes or steamed rice are readily eaten, too. Peas, sliced carrots or asparagus, green string or lima beans, or quartered Brussels sprouts are grand.

SCALLOPED VEGETABLES—Rutabagas, turnips, carrots, potatoes, celery or onions are always welcome additions to the menu when scalloped. Arrange 1 quart of sliced raw vegetables in layers in a well-greased baking dish. Season each layer with salt, pepper and finely chopped parsley. Cover whole with 2 cups thin white sauce and 1/2 cup buttered cracker-crumbs. Bake in a slow oven (300° F.) until brown. Serves 6.

A CHANCE TO SCORE YOURSELF

Use Julia Lee Wright's "Check Yourself Quiz on Vegetable Cookery" in this week's Family Circle to see how you score. It also gives valuable information on getting the most from canned, frozen and fresh vegetables. The Family Circle is free at Safeway.

Jeff Indians Will Play San Mateo Hi

After trying to balance a single victory at the hands of Half Moon Bay, against three straight losses, Jefferson high's Indians will be seeking their second win in the PAL baseball season, tomorrow afternoon, on the local school's diamond, when they play San Mateo high school. The game will start at 3:15.

Holding fast to third place in the school circuit, the San Mateos, are favored slightly in one light, over the Jeffs by virtue of their three wins and one loss in PAL play. On the other hand, their one loss, a 17-0 drubbing by the championship San Jose team, brings their stock down when compared with the close 4-1 game San Jose won against the Jeffs two weeks ago.

Uppermost in the worries of Jefferson's Coach Glenn South is the weak hitting which his club has exhibited in league games. With a team batting average for league play far under their pre-season mark, the Jeffs are finding their hitting department their worst worry. Bill Freeman and Lloyd Arthurs, the Indians' pitcher-first baseman alternates, who are both normally heavy hitters, are batting far under their usual form. However, Freeman has been "robbed" of a good share of hits, flying out to right field continuously.

Fitzgerald, rightfielder, is leading Jefferson players with a .400 average, but Centerfielder Fair, with .364, is the only other Indian with an average worthy of mention.

The starting assignment for mound duties against San Mateo was still undecided, yesterday, according to Coach Glenn South, but it is between Freeman and Arthurs.

Daly City's Surgical Dressings Quota Met

Daly City's Red Cross workers were complimented, recently, by Mrs. S. M. Crim, chairman of the surgical dressings project for the San Mateo County chapter. She pointed out that the local unit had more than reached its March quota, turning out 102,114 dressings for the month. The report was sent to Mrs. J. G. Morris, local chairman of surgical dressings production at the local workrooms, Theatre hall, located above the Daly City theatre.

At the same time, Mrs. Morris made an urgent appeal for Daly City women to aid in this work of making surgical dressings for the armed forces. She pointed out that the United States Army is relying upon the Red Cross for its entire supply of dressings.

"We must not fail!" she said. "Here is work that means much to every woman in this community who has loved ones in the armed forces. Won't you volunteer today?"

The workroom hours for making the dressings are from 10 a. m. to 4 p. m., every Monday, Wednesday and Friday. Any portion of that time which a woman can give will be deeply appreciated.

Enter Final Week In Bond Campaign

(Continued from Page 1) bonds and stamps. The drive is just aimed at stimulating interest in buying them, and your purchase is for your own safety as well as a good financial investment for your money, especially in war time.

Bonds can be purchased locally at the Bank of America: Daly City branch, 6298 Mission street; Colma branch, San Pedro road and Rainier avenue near Mission street. Smaller denominations and war savings stamps, can be purchased at the Daly City post office, 6253 Mission street, or the Colma post office, 7369 Mission street.

ing committee of over eighty members of the department. The committee serves every year in planning the event, one to which all of Daly City and Colma looks forward each year.

Fire Chief Chesney heads a general committee for the ball, composed of the following: Mayor A. J. Gaggero, Larry Shaw, E. Foresell, J. Ferro, J. Coleman, R. J. Ennis, G. Volkman, F. Hanson, Assistant Chief A. J. Bodien, A. Silicani, Elmer Kennedy, Kai Peterson, Gus Ford, James Welsh, and August Benassini.

The committee also includes the department's regular board of trustees: Albert Sundstrom, chairman; Tom Tallon, George Ferretti, Kai Peterson, T. J. Wickersham, and Elmer Kennedy.

Working with this general committee are twelve sub-committees made up of local firemen and members of the Daly City Police department.

bonds and to keep buying them. The support of all of America's communities of Daly City's size must be included in the Second War Loan Drive in order to maintain war equipment already produced, it was explained.

Our mechanized equipment, vastly superior in tanks and planes, ships and guns and accessory machinery of all types to anything known in previous wars, demands upkeep, service, and repair as well as ever-increasing production.

"These expenses of our government," Degliantoni declared, "can only be met by our sacrifices here at home to match those of other Americans on the fighting fronts."

In concluding his appeal for people here to subscribe for more bonds, Degliantoni said that our money should be mobilized for the national good at a time like this, as well as for the self-interest of workers wishing to protect their wages.

Red Cross Appreciates Work Of Local Children

R. L. Crane jr., district superintendent of schools, this week, received two letters showing the appreciation the American Red Cross feels for the fine work in the war effort youngsters of this community are doing.

From the county chapter vice-chairman of Junior Red Cross came a communication saying, "Today we received a letter from the Pacific area office, American Junior Red Cross, thanking us for the 107 unfilled kit bags sent to them for the special Australian quota. They told us that the bags were very well made, and that they appreciated our promptness in completing them. As all of these bags were done by your members, would you extend to them this message, adding our personal thanks also."

The kits referred to in the letter of praise were made by the sewing classes at Crocker, Jefferson, and Woodrow Wilson schools. Mrs. Ruth Mayo is in charge.

From the station hospital at Williams field, Chandler, Arizona, came word that "In a box of Junior Red Cross articles which we recently received for use in this hospital, there were a number of very useful lap boards, made by your chapter. This hospital had been woefully lacking in lap boards and we have been substituting odd pieces of lumber given to us by the hospital carpenter shop. These, however, are so fine and light that they will increase enormously the comfort and pleasure of the patients who use them."

"We wish that every Junior Red Cross member could visit one of our hospitals so that he could see with what pleasure and enthu-

Iva Sheldon Bride Of Theo. DeBono

At a ceremony which took place at 11 a. m., Wednesday, April 14, at Our Lady of Victory church in San Francisco, Miss Iva Sheldon, Richmond, and Theodore DeBono, Daly City, were united in marriage.

Mrs. Andrew Conaty, Daly City, sister of the bridegroom, was the matron of honor, while Private Emmett Fishburn, Richmond, was usher and Private George C. DeBono, Modesto, the bridegroom's brother, was best man. Mrs. Robert Bissett, San Francisco, was a bridesmaid.

The bride, given in marriage by her father, Robert Sheldon, wore white satin with a floor-length veil. She carried a bouquet of gardenias. Mrs. Conaty wore a powder blue gown, while Mrs. Bissett's frock was pink. Both carried pink sweetpeas and rosebuds.

Reverend Father LeBihan officiated at the ceremony, which was followed by a reception at the home of Mrs. Conaty.

After a wedding trip to Santa Cruz, Corporal DeBono and his bride returned to Richmond to make their home with the bride's father.

The groom is the son of Mrs. Mary DeBono, 298 Oliver street, Daly City.

ism his efforts are received."

The lap boards were made in the arts and crafts classes throughout the Jefferson school district, under the supervision of Mrs. Rose Corral, instructor.

Start now to PUT UP and STOCK UP HOME CANNED FOODS!

Are rationed foods and coupons making your shelves look bare of canned foods? Why not start now to fill in those gaps with appetizing jars of home canned fruits and vegetables. It is the patriotic thing to do these days. Remember rationing means reserving commercially canned foods for the boys fighting this war for all of us.

When fruits and berries are in seasonal plenty start putting up a few pints and quarts a day. In the country housewives put up an average of over 200 jars of home canned foods a year. City folk have in the past only averaged about 40 jars. Now is the time for all to put up and stock up an ample supply of fruits, berries and vegetables.

Use the latest approved methods. Non-acid fruits and vegetables put up by old methods of cold or hot pack oven canning can be dangerous. The U. S. Department of Agriculture and your State University have food canning pamphlets. Get from the University of California, Agricultural Extension circular 276 on Home Canning. It will tell you the simple, safe, tried and true methods for Home Canning.

Finally, draw on your Victory Garden crops and eat your vegetables fresh cooked. This will provide wholesome, nutritional balance to your daily meals.

REDUCE POINT VALUES OF ALL FROZEN FOODS

Point values of all frozen fruits and vegetables, and of all rationed soups—canned, bottled, dried and dehydrated—have been reduced sharply by the Office of Price Administration announced, last week.

Point values of frozen foods were cut more sharply in the commercial container size (2 to 10 pounds) than in the smaller domestic sizes, a move designed to restore a more normal flow of such products to hotels, restaurants, hospitals and other large users. Housewives as well as institutional users may purchase the larger sizes, but ordinarily buy the smaller containers.

In domestic sizes, the new and old point values for the most popular container size of frozen fruits follow:

Frozen Fruits	Net Wt.	Point Value
All kinds	16	13
		6

Applicable to domestic container sizes, the point values of frozen asparagus, green and waxed beans, lima beans, corn, peas and spinach were reduced from 13 points a pound to 6 points a pound. All other frozen vegetables in the smaller sizes, including baked beans, undergo a point value

mark-down from 8 points a pound to 4 points a pound. The new and old point values of popular domestic container sizes for typical items in this group follow:

Net Wt. (oz.)	Point values
Old	New
Baked beans	16 8 4
Peas & all other frozen vegetables	12 10 4

In commercial sizes of 2 pounds up to and including 10-pound size, all frozen fruits, fruit juices and vegetables have a point value of 4 points a pound. In domestic container sizes (below 2 pounds), the basic point value of frozen fruit juices is 4 points a pound, and of frozen fruits and vegetables, it is 6 points a pound.

The point value of all canned and bottled soups was reduced from 8 points a pound to 6 points—except for tomato soup which was cut in half to 4 points a pound. The basic point value is the same for both household and commercial container sizes. Comparison of the new and old point values for popular container sizes follows:

Net Wt. (oz.)	Point Values
Old	New
Tomato soup	10 1-2 6 3
All other soups	10 1-2 6 4
The point value of dried and	

dehydrated soups was cut in half and the number of weight classifications reduced from eight to four. The new weight classifications and corresponding point values follow:

Dried and dehydrated soups: Less than 4 oz., 1; over 4 oz., less than 8 oz., 2; over 8 oz., less than 12 oz., 3; over 12 oz., less than 16 oz., 4.

Blackeyed peas were removed from the list of rationed dry beans, peas and lentils, the point value of which remains unchanged at 4 points a pound.

Canners, wholesalers and retailers were reminded by OPA that they are required to take an inventory of the items whose point values have been changed. This inventory should show the total point values of each item as of the close of business, April 21, and the total point value as of the start of business, April 25, when the new point values become effective. The resulting decrease in point inventory should also be shown. These inventory reports should not be sent to OPA, but retained as a record, showing loss of points, by the canner, wholesaler and retailer involved.

A. J. Bodien's Mother Succumbs To Illness

Mrs. Rose Wallace, one of Daly City's pioneer residents and the mother of Arthur J. Bodien, city official, passed away, last week, at a rest home near St. Helena.

Mrs. Wallace's death ended a long illness of seven years. She survived her husband, the late William Wallace by 8 years. Wallace was a retired naval officer.

A resident of Daly City since 1907, Mrs. Wallace lived on Santa Barbara avenue, and her home was one of the very first ones built here after the fire. She gained the distinction of being one of the first women jurors to serve on a court jury in America. As California was among the first states in the Union to practice equal suffrage, Mrs. Wallace was appointed on a jury here by the late Judge Ellis C. Johnson, who served as justice of the peace for many years in this township.

Besides Bodien, Mrs. Wallace is survived by two other children, Mrs. Ida Hicks and Mrs. Charles Beschormann, both of San Francisco. She also left four grandchildren and five great grandchildren.

Funeral services with naval honors were held, Friday, at the San Francisco presidio.
